Joint Staff J-7

Worldwide Joint Training and Scheduling Conference 2006-1

Joint Training Division Programs Update

27 March 2006

CAPT Jeffrey B. Miller, USN
Chief, Joint Training Division

Joint Training Division Update

Agenda

- COCOM Training Support
- Joint Training Requirements
- UJTL (JCAs and DRRS)
- NexGen JTIMS Development
- Joint Lessons Learned Program

COCOM Training Support

Topic: COCOM ability to conduct joint training

Status: Shortfall partially addressed

Issue: Organic COCOM Training Capability

Impact: Insufficient ability to train COCOM individuals / staffs and JTF and functional component HQ staff

Actions to Resolve Issue (Current): JNTC SE, EJTSS (JTSS, JLLS, JIATS), DRRS Specialists, COCOM Exercise Support by JWFC

Actions to Resolve Issue (Planned): JNTC SE increase, TC AoA JTS Support increase, Lightweight Tools, COCOM Exercise Support by JWFC

Joint Training Requirements

Topic: **Joint Training Requirements Action Plan (JTRAP)**

Status: **Multiple joint training requirements generation processes**
TC AoA, JTRG, JQRR, JTRAT, COCOM IPLs, JNTC
Proposed action plan briefed to JT FCB Working Group 13 March 2006.

Issues: **Three open issues:**
- **Process terms of reference.**
- **OPR roles and responsibilities.**
- **OPR and OCRs for each validated requirement.**

Impact: **Validate and prioritize all identified joint training requirements via single process**
- **Validate proposed solutions to support JROC through JCIDS process.**
- **More effectively commit scarce resources**

Actions to Resolve Issues (Current / Planned):
- **Establish JT FCB as forum to validate Joint Training requirements.**

UJTL 5.0

Currently within UJTL 5.0:

- 51 duplicate level of war (LOW) tasks
- 19 with Multiple Tasks
- 78 with Multiple Verbs
- 26 that are Service Tasks (don't meet requirements to be a joint task)

Example Of LOW Duplicate / Multiple Tasks

(U) SN 4.7 Acquire, Manage, and Distribute Funds

To perform the resource management function of estimating costs for specific operations and tracking and reporting actual costs to support requests to the US Congress for appropriation of funds for specific operations. It also includes identifying and managing funds that can be made available to theater and operational levels to pay for immediate expenses. Finally, it includes managing Defense Working Capital Fund (DWCF) activities. Resource management includes planning, programming, and budgeting (PPBS) support, budget analysis, management services, and force management support. Finance and accounting functions include overall capturing of the costs of operations via standard accounting systems and other means and the management of the operating systems that pay personnel and providers (contractors, host-nation, suppliers, etc). (CJCSI 5261.01, CJCSI 6211.03, CJCSI 7401.01, JP 0-2, JP 1-06, JP 4-05, JP 4-09, JP 5-0)

(U) ST 4.5 Acquire, Manage, and Distribute Funds

To perform the resource management function of estimating costs for operations and tracking and reporting actual costs to support requests to higher levels for funding. It also includes identifying and managing funds that can be made available to theater and operational levels to pay for immediate expenses. Finance and accounting functions include overall capturing of the costs of operations via standard accounting systems and other means, and the management of the operating systems that pay personnel and providers (contractors, HN suppliers, etc.). (CJCSI 5261.01, CJCSI 7401.01, JP 1-06, JP 4-07)

(U) OP 4.8 Acquire, Manage, and Distribute Funds

Provide advice to commanders on financial management implications and costs of preparing for and conducting operations. Track and report costs of battlefield operations to support efforts of reimbursement of costs initially paid from available training and readiness funds. Obtain guidance on fund citations and funding levels and provide to tactical resource managers and supporting finance elements. Provide fund control, monitor fund execution, track and report costs and obligations. Operational finance functions include providing policy guidance and centralized currency funding support. Finance and accounting functions include capturing of the costs of operations via standard accounting systems and other means, and operating systems that pay personnel and providers (contractors, HN suppliers, etc.). (CJCSI 5261.01, CJCSI 6211.03, CJCSI 7401.01, CJCSM 3500.05, JP 1-06)

UJTL Version 6.0

Topics:
1. **UJTL alignment with Joint Capability Areas (JCAs)**
2. **Establish Baseline Conditions and Standards for tasks**
3. **Automate the UJTL process (Small Revision Staffing Tool)**

Status:
- **COAs developed for JCA/UJTL mapping. Initial work in progress (not yet staffed)**
- **Task OPR / SME needs to be established for baseline conditions and standards effort**
- **SRST complete**

Issues:
- **JCAs may drive need for new UJTL Taxonomy**
- **JFT / JFP require single, authoritative baseline conditions and standards**
- **Are OPRs / SMEs required for UJTL tasks?**

Impact:
- **JCAs could lead to a total redevelopment of the UJTL and may impact Service task development and related processes**

Actions to Resolve Issue (Current/Planned):
- **JS J-7 JTD coordinate JCA-UJTL mapping with Training Community**
- **UJTL Working Party 23-25 APR 06 to address these issues collaboratively**

UJTL to JCA Mapping

Tier I JCA **Joint Stability Operations**

Tier II JCAs

Basic Service Restoration
Humanitarian Assistance
Peace Operations
Reconstruction
Security

UJTL Task Currently Mapped To Humanitarian Assistance

NexGen JTIMS

Topic: **NexGen JTIMS Development**

Status:
- **IOC 17 JAN 06; user validated System of record effetive 1 Feb 06.**
- **NexGen JTIMS Sprial 3 release May 06; Spiral 4 release September 06.**

Issues:
1. **Lexicon disconnects between JTIMS and DRRS. JTIMS uses JP 1.02, DRRS does not.**
2. **DRRS allows for tailorable UJTL task name, JTIMS does not.**
3. **Program Transfer to USJFCOM JWFC**

Impact:
1- 2. Very confusing to users of both systems. Could hinder readiness reporting process

3. Minimal impact. JS J-7 will maintain oversight of JTIMS and JWFC will provide day-to-day management. All JTIMS stakeholders will have same level of participation in development and configuration management

Actions to Resolve Issue (Current/Planned):
- **JS J-7 engage with OSD P&R regarding policy on lexicon and UJTL.**
- **Draft POA&M for transfer of JTIMS developed. Working with JWFC to complete details.**

JLLP

Topic: **Domestic Disaster Response (Hurricane Katrina) Lessons Learned**

Status: **Implementation Phase across DoD**

Issue(s): **Simultaneous efforts**

- **COCOM / Service internal**
- **DoD wide (but still internal)**
- **US Government wide / Interagency**

Impact: **Actions prioritized for completion by 1 JUN 06 (next hurricane season)**

Actions to Resolve Issue (Current/Planned):

DoD Wide:

- **Formal staffing of 213 recommendations for action from numerous DoD organizations**
- **Assessment of lead and supporting agencies**
- **Capturing perspectives on recommendations to inform issue resolution**

US Government / Interagency:

- **Homeland Security Council Interagency Process**
- **Weekly DCS and Monthly DCS**

Council of Colonels Talking Points

- **COCOM Individual Staff Officer Task Analysis**
- **Training Transformation Coordination with COCOMs**
- **UJTL (Baseline Conditions and Standards, JCA, and Svc task Mapping)**
- **Joint Training Trends**
- **JLLIS Way Ahead (Status and I/O Tool Selection)**
- **JTRAP**
- **"Joint" and "Interoperability" Definitions**
- **2007 Assessment (JT – not just T2 Capabilities and COCOM Inputs)**

- **Organic COCOM Training Capability (TC AoA and JNTC SE)**
- **JTA / JTRAT / New Missions/ Tactical Level Tasks**
- **Exercise Sync (08 / 09 and Venue for Components to solicit joint and IA participation)**
- **Reserve / NG Funding for JEP**
- **JEP funding for JNTC-enabled exercises**
- **ADL Joint Course Certification**
- **JNTC Accreditation / Cert**
- **CCTIs**
- **COCOM Commended Training Requirements = Command-linked Tasks?**
